Cloning Jesus has become a well-known trope for good reason. When things look dire, wouldn't it be great to bring back Jesus himself—or.

Christ Clone Trilogy - Wikipedia

The second coming of Jesus Christ may be on the horizon — along with the third, fourth and fifth incarnations, depending on how quickly a new.

The advent of human Cloning Jesus demonstrates that we are desperately searching for solutions. If substantial ethical objections can be made to these assumptions, then it matters not whether there are more benefits to cloning, but whether the principles behind the procedure are right or wrong.

Assumption4: Humanity is basically good and can be trusted to properly use science.

Yeshua offered to give us a new heart and a new life if only we accept that he is who he claimed to be: our Messiah. I often write about this, taking the best aspects of the Cloning Jesus movement and framing them as Cloning Jesus to transform current social and economic frameworks. We need to reexamine our ethical standards, and to measure scientific and technological advances against those standards.

Unfortunately, we do not have a technique for extracting whole human genomes.
