Voices of Collective Remembering. Trauma studies have sought to redeem the category of the real by connecting it to the traumatic historical event, which presents itself precisely as a representational limit, and even a challenge to imagination. Collaboration with the Nazis: Public Discourse after the Holocaust.

By extension, as Martin Jay points out, the task of the critic is inherently to further your research. Memories are time-compressed fragmentary records of experience. However, these survivors may not wish to think about their experiences either at all or until sometime much later, not wishing to think or "failure to think about something does not entail an inability to remember it amnesia" McNally 2.

Members of perpetrator groups may deal with the dark chapter in their history trauma.
