Suicide survivors are more likely than other bereaved people to seek the help

The decision to keep the suicide a secret from outsiders, children, or selected relatives can lead to isolation, confusion, and shame that may last for years or even generations. The survivor may be searching for answers, but your role for the foreseeable future is simply to be supportive and listen to what Aftermath Of Suicide have to say about the person, the death, and their feelings. But while grief is universal, we all grieve differently.
